

Azimut Alternative Capital Partners strikes its third deal in the US private markets by acquiring an equity interest in Pathlight Capital

Total Private Markets AuM managed by AACP's affiliates reaches in excess of \$ 8 billion¹

New York / Milan / Boston, July 26, 2021

Azimut Group ("Azimut" or the "Group"), one of Europe's largest independent asset managers, via its US subsidiary Azimut Alternative Capital Partners, LLC ("AACP"), entered into agreements to **acquire a minority equity interest in Pathlight Capital LP** and certain affiliated entities (together, "Pathlight"), a **leading asset-based lending firm based in and around Boston, Massachusetts**.

AACP was established in November 2019 with the purpose of **partnering with private market-focused alternative asset managers by providing them with permanent capital to grow** and reach their greatest business potential. **The transaction with Pathlight** follows the 2020 acquisition of a ca. 20% stake in leading private credit firm Kennedy Lewis and the special strategic project with the Moross and Bezos families to develop HighPost Capital, a consumer-focused middle market private equity firm.

Pathlight Capital is a private credit investment manager dedicated to meeting the needs of companies that operate across a broad range of industries **by providing asset-based loans secured on a first or second lien basis against tangible and intangible assets**. Pathlight provides creative financing solutions to allow management teams to access incremental liquidity for the purposes of funding working capital, debt refinancings, growth, acquisitions, dividends and turnaround strategies. Pathlight Capital LP **began operations as an independent asset manager in 2018** and currently manages **\$1.4 billion of committed capital across two investment funds and other Pathlight-controlled accounts and participations**.

The **transaction entails AACP acquiring a ca. 20% equity interest** in Pathlight and contributing permanent capital to the business going forward. A significant portion of transaction proceeds will be used to grow and invest in the business in the form of growth capital, bolstering the team's commitment to align itself with its investors and drive the long-term growth of the business. There will be no changes in the strategy, management, investment process or day-to-day operations of Pathlight or any Pathlight-managed vehicle as a result of AACP's investment.

Daniel Platt, Chief Executive Officer of Pathlight, comments *"We are excited for the opportunity to partner with Azimut through its AACP unit. They have an outstanding reputation throughout the global investment community, and we are privileged that they have selected our program for a strategic minority investment. Our relationships have been the lifeblood of our business since inception and the addition of Azimut's networks will strengthen our market position and growth trajectory, undoubtedly bolstering value creation for our investors. We welcome the resources the partnership will provide as well as the opportunity to significantly increase our investment in current and future Pathlight investment vehicles alongside our limited partners."*
